

CIRCLE MEETING.

At Crofton On August 29 and 30.

The fourth circle of Bethel Association will meet with the Crofton Baptist church on Saturday and Sunday, August 29 and 30, 1903.

The following subjects will be discussed:

1. Success of Missions during the past year.—Dr. B. F. Eager.
2. Is it essential that all Christians should give to missions?—Rev. Fred Whittenbraker.
3. How to develop a mission spirit in our churches.—Rev. C. H. Nash.
4. Missions in the mountains of Kentucky.—Rev. J. A. McCord.
5. The last commission of Christ.—Dr. B. F. Hyde.
6. Our present equipments for doing mission work.—Prof. Edmund Harrison.

Services on Saturday night conducted by Rev. B. F. Hyde, subject, "What Constitutes a Missionary Baptist."

The following churches should be represented: Hopkinsville, Concord, New Barren Springs, Ebenezer, Pleasant Hill, Macedonia, White Thorn Creek, Max Grove, Crofton, Mt. Zoar, Sinking Fork, West Union, Palestine, West Mt. Zoar.

D. J. McCord, Pres.

B. F. Fuller, Sec.

BIG APPLES

Grow on Livy Nichols' Trees This Year.

Mr. L. L. Nichols, of near the city, has the largest apples we have seen this season. He brought to the Kentuckian office some samples of his crop this week that weighed 11 ounces each. They were of the Filbasket variety and are certainly well named. It takes very few of them to fill a basket.

NOW MRS. HORN.

Tennessee Young Lady Weds Man of Her Choice.

Mr. Nathan R. Horn and Miss Pennie Belle Wooten, of Montgomery county, Tenn., were married by County Judge Fowler in his office Monday afternoon. The groom was a middle-aged man, about 50 years old and his bride was many years his junior.

Don't neglect the warnings of nature. If your appetite is poor, breath bad, tongue coated, you will be sick unless you take steps to put your system in good condition. Prickly Ash Bitters is the remedy you need. It cleanses the entire system. R. C. Hardwick.

WILL LYONS BADLY CUT.

Perhaps Fatal Results of a Fight at a Picnic.

Cadiz, Ky., Aug. 17.—In a difficulty at a barbecue at Lyons Springs, near Putrell's store, between the rivers, Jesse Putrell severely cut William Lyons.

Matt Summer, it is alleged, walked up to Lyons and told him he wanted to kiss him, and at the same time placed a lighted cigar against his lips. This angered Lyons and a general fight began. Putrell who is a brother in law of Summer, cut Lyons twelve times with a pocket knife. The right arm is cut to the bone, a severe gash across the left nipple a five inch stab across the stomach to the hollow. The others are merely flesh wounds.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by C. K. Wyly.

NEW RECEIVER.

Paducah Man Given Asylum Appointment

Mr. Charles Emory returned Saturday evening from Frankfort, says the Paducah New-Democrat, whither he went in pursuance to a call from Governor Beckham to consider an appointment as receiver at the Hopkinsville insane asylum, tendered him recently by Kentucky's chief executive to succeed J. C. O'Bryan, of Owensboro, resigned.

To a News-Democrat reporter Mr. Emory stated that he had accepted the position and would enter upon the discharge of his duties as received September 1. The place pays \$50 a month.

Physicians and Druggists

Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December and we are glad to say, Herbine has given such great satisfaction that we have duplicated this order three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at R. C. Hardwick's.

Lost to a Politician.

The Wilmington, Del., Daily Republican has changed hands. W. S. Vernon and Abe Vernon are the new owners. It is said that the policy of the paper will hereafter be antagonistic to Mr. Addicks.

Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by C. K. Wyly, druggist.

Amateur Editors to Meet.

The New England Amateur Press Association will hold its annual convention in Hartford, Conn., some time this month. Franklin Curtis Wedge, of Wadsworth, is president of the association.

FRISCO COMING TOO.

Probably the Purchaser of the T. C. Line.

Connecting Link Would Extend From Joppa, Ill., Through Paducah to Hopkinsville

The announcement that the Frisco railroad interests had secured the control of the Seaboard Air line adds new interest to the report recently circulated that the Rock Island and the Frisco would probably purchase the Tennessee Central, if, indeed they had not already secured the property. The report has an especially strong interest in Paducah, since it means, if true, that the Frisco will almost certainly build into Paducah.

It would seem, from a superficial study of the conditions and reports, that the Frisco is also to go further east than Memphis and Birmingham, and is to be a competitor for the great passenger and freight business of the South. The argument concerning the Tennessee Central is made the more reasonable from the fact that it is known railroads are seeking coal fields from which new supplies of fuel may be secured. The Tennessee Central invades just such a territory. The hills and mountains through which it passes abound in undeveloped coal—enough to last for many a year.

A study of the map shows that the Frisco system would easily have a physical connection with the Seaboard Air line at Birmingham by reason of the line of the latter road under construction into Birmingham. Another direct line to the East, however, would be made possible by the Tennessee Central route and the building of a few miles of railroad in new territory, all of which would afford excellent shipping and passenger traffic.

To begin with, the Frisco, which now enters Memphis, would have to buy or build its way into Nashville to connect with the Tennessee Central there. The closest and most direct route to be followed in connecting with the T. C. would be by way of Paducah. Building into this city from Joppa, Ill., 28 miles below here, where its terminals are located at the present the Frisco would then have only to extend its tracks to Hopkinsville in order to effect the union. This would connect the Clarksville extension of the Tennessee Central with Chicago & Eastern Illinois lines of the Frisco. The completion of the Tennessee Central from Harrison into Knoxville, about sixty miles of new road, would be a natural consequence, and then would doubtless follow the building from Knoxville into North Carolina.

Thus it is seen how the Tennessee Central would prove of great value to the Frisco in connecting its great Western system with the Tennessee coal fields and with the Seaboard Air line.

The prospects for the Frisco securing the Tennessee Central are considered all the better since J. T. Harahan, second vice-president of the Illinois Central, has issued an emphatic denial that his road is after it. This denial was made by a letter addressed to the Manufacturers' Record last week.—Paducah News-Democrat.

Cured Paralysis.

W. S. Bailey, P. O. True, Tex., writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." 25c, 50c and \$1.00 bottle at R. C. Hardwick's.

KENTUCKY DAY.

World's Fair Officials Want to Give One Entire Day to the Bluegrass State.

What was the greatest day in Kentucky's history?

The officials of the Louisiana Purchase Exposition to be held in St. Louis next year want to set aside one day to be known as "Kentucky Day" and have named the Kentucky Exhibit Association, which is raising the funds by private subscription—the legislature having failed to make an appropriation—for the state building and display of products and resources, to fix the date.

The association is anxious to name a day that will be surrounded by associations which appeal to a majority of Kentuckians and call on every citizen interested to make a suggestion. All communications on the subject should be addressed to Secretary R. E. Hughes, Louisville.

Exercises in keeping with the occasion will be held at the Kentucky Building at the World's Fair on whatever day is named as "Kentucky Day." The exhibit association is to be influenced by the opinion of a majority of Kentuckians in the matter and will appreciate and welcome all suggestions.

Mexican Mustang Liniment

For horse ailments, for cattle ailments, for sheep ailments.

The most sensible thing to do when suffering from Bruises or Cuts is to treat the wound with

Mexican Mustang Liniment,

because it is noted for its ability to drive out soreness and inflammation, after which it heals the damaged flesh in a remarkably short space of time.

For open wounds soak a cloth with the liniment and bind on the same as you would a poultice. For other hurts apply freely and rub it well in.

For MAN, BEAST or POULTRY.

Mexican Mustang Liniment

is a sure remedy for curing Scaly Legs among poultry.
